TOWN HALL · ROUND 2 OF 3

Can this work for game-day businesses?

Pause | End session

YOU · MODERATOR

What would make this proposal work for businesses that depend on game days?

MB **Marcus Bell** Sports bar owner Opposes

Keep a real event venue in the podium. Even a handful of big nights a year keeps my staff on the schedule.

PR **Priya Raman** replying to Marcus Supports

The rooftop could host concerts and markets. That's more life on the street than a closed dome most of the week.

LZ **Lin Zhao** replying to Priya Neutral

Events mean traffic. If there's a plan for Bremner at school pickup times, I could get behind it.

DO **Daniel Okafor** Grad student, renter Supports

Put the affordable units in writing and I'm fine with an event space too. Both can fit.
